Claims 2-6 and 8-12 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 7 are rejected under 35 U.S.C. 102(e) as being anticipated by Capizzo et al (5989166).

Capizzo et al discloses a device comprising a clamp a dumbbell/weight bar and weights a cable assembly. The dumbbell clamp of Capizzo et al comprising: two spaced apart portions connected to one another each portion comprising a notch a bar disposed in said notches and a locking means in the form of bolts and nuts and a cable connected to said clamp and fitness device.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Note the grip sensors of Anders et al and Dawson elements 4 and G respectively.

The pre-amble of the claims should be rewritten to now include a dumbbell, and not only be directed a dumbbell clamp as in claim 1.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 3764

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication should be directed to Jerome Donnelly at telephone number (571) 272-4975.
